

Attention Residents and Homeowners at IKON Hayfield,

We are seeing more and more examples of pet owners not picking up after their pets while out and about. Do not leave a mess behind while walking your pet. There are even times when the mess is picked up into a bag but then the bag is simply left on the ground (see picture below). This is also not acceptable.

All trash Must be placed into a receptacle.

Reminder - All pets **MUST** be on a leash when outside of your unit.

Thank you for your immediate compliance and ongoing cooperation to keep the community looking nice.
