

Volunteers needed!!!

Community Tree Treatment Project

Saturday, February 11th at 7:30 AM

The HOA is looking for 12-15 volunteers to help us treat the trees in our common area. Please meet at the southwest greenbelt, next to 250 E. Tremaine.

We will be applying *Vita Products to each of our 42 pine trees in the common areas. Assistance is needed in filling and distributing 5-gallon buckets with water for each tree. If you have 5-gallon buckets, a cart or wagon, please bring them. Volunteers will receive one free tree treatment.

Thank you!

*Vita Products provides the highest quality biodegradable and environmentally safe products and believes in a “preventative approach” to sustain plant health and vigor and to protect against disease. For more information, please visit:
